

DEPARTMENT OF MECHANICAL ENGINEERING
Rowan Hall
201 Mullica Hill Road
Glassboro, NJ 08028

Rowan University is the third-fastest growing public research university in the US. Our **Mechanical Engineering** program offers students unique hands-on Engineering Clinic experiences to solve technical and research problems. Research by our faculty is in the areas of advanced manufacturing, material science & engineering, and thermal-fluid sciences. Our faculty are core team members of the Advanced Materials & Manufacturing Institute (AMMI), a multi-million dollar collaborative nexus aimed to strengthen materials related research and education.

Mechanical Engineering Open Rank Tenured/Tenure-Track Faculty Position

The **Department of Mechanical Engineering** of the Henry M. Rowan College of Engineering invites applicants for tenure-track or tenured positions at the **assistant, associate, or full professor levels**. We welcome applicants from **all areas related to Mechanical Engineering**, including computational fluid dynamics, advanced manufacturing, composite materials, reliability prediction, and dynamics & control.

We seek outstanding individuals with a strong potential or proven record for excellence in research, and in promoting a culture that values diversity, equity, and inclusion. Candidates from diverse backgrounds are strongly encouraged to apply. Senior level candidates with exceptional achievements and demonstrated impact will be considered for the Henry M. Rowan College of Engineering Foundation Professorship.

The successful candidate will: (a) have a Ph.D. in Mechanical Engineering or a related field; (b) have excellent communication and interpersonal skills; (c) have a strong record of scholarly achievement; and (d) develop a team with student and faculty collaborators and engage in high-impact practices such as student-faculty research, and engagement in interdisciplinary initiatives and outreach.

Review of applications will begin immediately and continue until the position is filled, with applications received by December 31, 2022 given full consideration, for a start date of September 1, 2023.
